

[Organisation], as a member of the Falkland Islands business community committed to reducing its impact on the environment, hereby pledges its support to the Falklands Climate Pledge.

Urgent action is needed to tackle the Climate Crisis, and the Falkland Islands Climate Pledge will help to coordinate an approach across the Falklands business community. We will work with others to measure, report, plan, and act to reduce our environmental impacts. We will enable our business to make positive changes to reduce greenhouse gas emissions, become more efficient, and ensure the environment and sustainability remain at the core of our decision-making process and culture.

As such, we hereby pledge that:

1. We acknowledge the urgency of Climate Crisis and our collective responsibility to do what we can to reduce the environmental impacts of our businesses;
2. We will place the environment at the core of our business by ensuring it is considered in all business decisions and strategic planning whilst fostering a culture of environmental responsibility and sustainability across our workforce;
3. We will reduce environmental impacts through business change and innovation, including improvements to efficiency, energy use, materials reductions or substitutions, waste and pollution management, and other strategies;
4. Where feasible, we will take steps to begin to measure our greenhouse gas emissions and adopt practices and technologies to reduce them;
5. We will support other businesses which are taking positive steps by sharing our own best practices with other Pledge signatories where possible; *and*
6. We will participate in projects and strategies to offset or inset carbon emissions and, where possible, create and invest in our own projects to bring tangible benefits to the Falkland Islands and our community.

The subject of our environment is one undergoing extensive research and where knowledge is changing rapidly. As such this pledge will be reviewed annually. As a signatory, we acknowledge that we will be required to re-sign the Pledge should any changes or amendments be required.
